## OBJECTS OF BAZAAR.

“Live with thy Century, but be not its creature, produce for thy contemporaries, however, what they need, not what they applaud.”—*Schiller*

We have much pleasure in announcing that we intend to hold a Grand Historical Bazaar in celebration of the past 200 years in which the Sutton Baptist Church has been in existence. The Bazaar will be opened on Tuesday, Wednesday, Thursday, and Saturday, February 21st, 22nd, 23rd, and 25th, 1911. Our object is to raise the necessary funds required to erect a New Portico in front of the Chapel, a New Entrance on the north side of the Chapel, the re-erection of the Old Chapel Organ in the School-room, and the general Renovation and Decoration of both the Chapel and School, the estimated cost of which will be about £1500, towards which we have a sum of £160 in hand. The Committee earnestly appeal for your kind support in their effort to raise the above amount, and contributions either of money or useful articles will be gratefully and thankfully received.

## THE MASTERPIECE

### The Atlas High Pressure Cleaner at Work.

The remarkable success of the ATLAS HIGH PRESSURE Vacuum Cleaner, for cleaning Carpets, &c., has brought forward a number of inferior Types.

THE ATLAS V.C. is worked by 60 lbs. per sq. in. of steam, hence its HIGH POWER. Also the steam meets the dust from the Carpet and converts it into SLUSH, and DESTROYS ALL FEAR OF INFECTION.

### HYMN

ALL people that on earth do dwell,  
Sing to the Lord with cheerful  
voice; [tell  
Him serve with fear, His praise forth  
Come ye before Him and rejoice.

The Lord, ye know, is God indeed;  
Without our aid He did us make;  
We are His flock, He doth us feed;  
And for His sheep He doth us take.

Oh! enter, then, His gates with praise;  
Approach with joy His courts unto:  
Praise, laud, and bless His name  
always,  
For it is seemly so to do.

For why? the Lord our God is good,  
His mercy is for ever sure;  
His truth at all times firmly stood,  
And shall from age to age endure.

#### HYMN.

BLEST is the tie that binds  
Our hearts in Christian love !  
The fellowship of kindred minds  
Is like to that above.

Before our Father's throne  
We pour our ardent prayers ;  
Our fears, our hopes, our aims  
are one,  
Our comforts and our cares

This glorious hope revives  
Our courage by the way ;  
While each in expectation lives,  
And longs to see the day.

From sorrow, toil, and pain,  
And sin, we shall be free ;  
And perfect love and friendship  
reign  
Through all eternity.

#### HYMN.

HEAD of the Church and Lord of all,  
Hear from Thy Throne our sup-  
pliant call:

We come, the promised grace to seek,  
Of which, aforetime, Thou didst speak.

'Lo, I am with you'—that sweet word,  
Lord Jesus, meekly be it heard,  
And stamped with all inspiring power,  
On our weak souls, this favoured hour!

Without Thy presence, King of saints,  
Our purpose fails, our spirit faints;  
Thou must our wavering faith renew,  
Ere we can yield Thee service true.

Thy consecrating might we ask;—  
Or vain the toil, unblest the task:  
And impotent of fruit will be  
Love's holiest efforts wrought for Thee.

'Lo, I am with you'; even so,  
Thy joy our strength we fearless go:  
And praise shall crown the suppliant's  
call,  
Head of the Church, and Lord of all.

# Downright Good Value

---

is ever the aim in all Althams' dealings, whether it be in their Popular Teas and Jams, or any of the other goods they vend.

This, no doubt, explains the secret of their Business Success.

For instance :

Does anyone think that the immense sale of their well-known Tea Blends could have been achieved by selling Common Tea ?

We think not !

ALTHAMS must sell Good Tea to keep up their high reputation.

They benefit by it ; so does the customer.

Therefore—

If you want a Tea with that Delicious Flavour so much enjoyed by the connoisseur—a Fine, Rich Liquor and Fragrant Aroma, besides having Excellent Brewing Qualities—you cannot do better than buy Althams'.

Althams' Tea Stores—4, North Street, Keighley ; 3, Central Buildings, Swadford Street, Skipton ;

# A ONE-MAN SHOW

OF

## Pictorial Photographs

BY

A. KEIGHLEY, Esq., F.R.P.S.

IT is a trite saying that England is a nation of shopkeepers. Those fortunate enough to view the gems of Mr. Alexander Keighley's pictorial works, kindly lent by him to the Bazaar, will be proud to know that in the matter of pictorial photography, England, of all countries, and Yorkshire, of all counties, is the birth-place of what is now recognised as a fine art.

"What," says our Bill, "a fellow with a Kodak, a har-tist!" Yes, my friend, for with Mr. Keighley the camera is no more mechanical than the artist's colours and canvas.

The individuality of the artist-photographer has full play. The chosen site, the atmospheric conditions, the emphasis of one object, leaving another to be passed over lightly, all this is as he chooses, and makes the difference between a mere replica of a landscape, and a poetical conception,—dreamy, beautiful—such as are Mr. Keighley's well-known pictures. "Well-known" is a word used advisedly, for there is no civilized country in the world that has not conferred its "Blue Ribbon" on him.

All interested in art, nay more, those whose appreciation has yet to be whetted, should not miss this opportunity of examining a series of beautiful landscapes, scenes in foreign lands, pictures of homes, customs and costumes that are not as ours

<b>GAS COOKERS ENSURE</b>	}	<b>Perfect Cleanliness</b> <b>Sound Economy</b> <b>Efficient Cooking</b>

**G**AS FIRES are **Cheap Luxuries**, and possess no injurious properties. Their economy lies in the fact that they are never "wasting," and, unlike the ordinary coal fire, the Gas Fire can be instantly extinguished when no longer required. They have been recommended by that eminent medical authority, *The Lancet*, and the Medical Profession generally. This, surely, is sufficient testimony towards the support of our claim that **Gas Fires are indeed healthy.**

Gas Fires do not blacken the hangings and ornamentations of a room, and the prettily tiled hearth does not become littered with fallen ashes, where they are in use.
