Wedding Bells

DING DONG! Craven Disco staff were in their Sunday best at two wedding fairs last month. One was held at the Best Western Guide Post Hotel, Bradford and the other at the Rendezvous Hotel, Skipton.

Both events were very busy giving the Craven Disco team chance to speak to the brides to be and their grooms to find out how their wedding requirements can be met.

Many brides were interested in the interactive online wedding planner and guest request system – (please ask us for more details).

Stephen, Craven Disco's very own MC commented, "We discovered that a lot of venues lead the brides and groom into believing they have to accept a house disco as part of their wedding packages."

Please bear in mind you DO NOT have to do this – the main concern for venues is insurance and in most cases they are worried that you will hire a DJ who is not covered by any insurance at all.

Craven Disco is fully insured and PAT tested – this forms a requirement of us being members of the National Association of Disc Jockeys.

If you are not getting married until 2012 or even 2013 – we will hold our prices from the date you book our services.

If you think you can carry a tune we also are able to add on Karaoke to your package for an extra £40 if you are brave enough.

Schools Out!

Hot Dogs and loud music was the order of the day at Sutton in Craven C.E school at the end of February disco.

Craven Disco provided two sittings for the school disco one for the 4-7 year olds and the other for the

older 7/8-11 year olds. Definitely two different styles of music was called for. Mind you with over 6,500 songs at hand it was a challenge we found very easy. From Sponge Bob Square Pants to Lady Ga Ga we had it covered.

Stephen from Craven disco is also fully CRB checked and we offer special rates to schools and registered charity organizations.
